Bug 001.
Title: Selecting the "About" tab results in a 404 error page.
Date Reported: [02/20/24]
Reported By: [Vladimir Shkodin]
Environment: [Local]
Browser/Device: [Chrome Version 121.0.6167.184, Mac os Soma 14.3.1]
Severity: [High]
Priority: [High]
Description:
The user clicking on the About tab gets routed to **/about//test**
Steps to Reproduce:

1. Open http://localhost:3000/
2. Click on "About" tab on Navigation Panel

Expected Result:

The user has to land on /about

Actual Result:

User getting routed to /about//test

Notes:

Base template **qa_homework/holistiplan/templates/base.html** needs to be updated:
From :
About
To:
About

https://github.com/ocrfin/qa_homework/blob/ab3e6f996eb01a4e127f8335c2d97156a369fd73/holistiplan/templates/base.html#L54
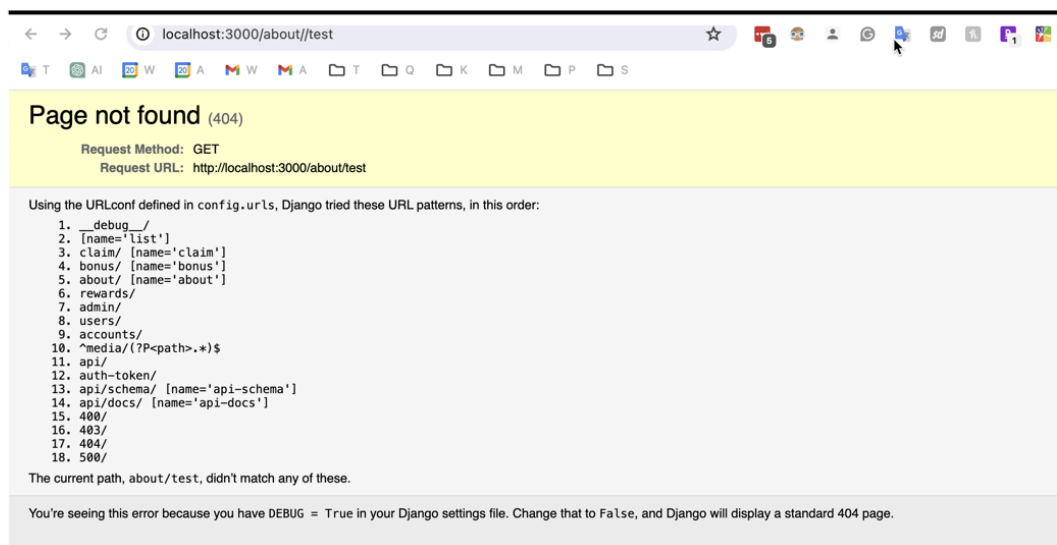

Attachments:

Selecting the "About" tab results in a 404 error page.

1 Click on the About tab on the navigation panel

2 See the 404 page

Bug 002.
Title: Subtraction of points is not functioning correctly.
Date Reported: [02/20/24]
Reported By: [Vladimir Shkodin]
Environment: [Local]
Browser/Device: [Chrome Version 121.0.6167.184, Mac os Soma 14.3.1]
Severity: [High]
Priority: [High]
Description:
The rewards redemption is misleading regarding the "Points Redeemed" and "Points Remaining," leading to confusion about the number of points.

Steps to Reproduce:

1. Open http://localhost:3000/
2. Click on option "+5" in " Earn bonus points:"
3. Validate ""Points Remaining" is equal to 5
4. Click on "Tote Bag of Holding 2.75pts"

Expected Result:

"Points Remaining" has to be equal to 2.25 and "Points Redeemed" 2.75

Actual Result:

"Points Remaining" is equal to 0.25 and "Points Redeemed" 4.75

Notes:

Reward functions **redeem** and **unRedeem** in **vue_frontend/src/stores/reward.js** needs to be updated:
From :
```
  function redeem(rewardId, points) {
    rewardsRedeemed.value[rewardId] = true;
    pointsRedeemed.value += points + 2;
  }

  function unRedeem(rewardId, points) {
```

```
    rewardsRedeemed.value[rewardId] = false;
    pointsRedeemed.value -= points + 2;
  }
```

To:
```
  function redeem(rewardId, points) {
    rewardsRedeemed.value[rewardId] = true;
    pointsRedeemed.value += points;
  }

  function unRedeem(rewardId, points) {
    rewardsRedeemed.value[rewardId] = false;
    pointsRedeemed.value -= points;
  }
```
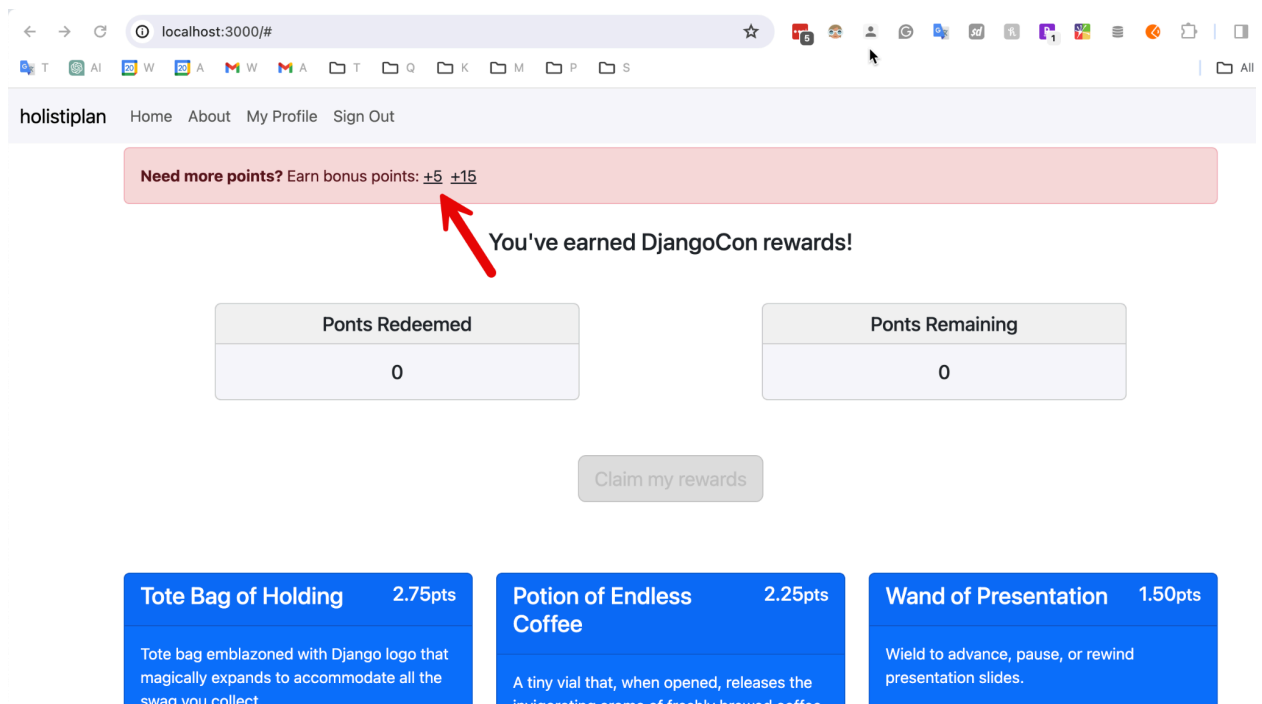

https://github.com/ocrfin/qa_homework/blob/ab3e6f996eb01a4e127f8335c2d97156a369fd73/vue_frontend/src/stores/reward.js#L17
